

SCHLETTER KICKS OFF ROADSHOW WITH COMPLEMENTARY OPEN HOUSE AND TRAINING EVENT IN TUCSON, ARIZONA

Schletter will host an Open House and Training at the company's facility in Tucson, Arizona on March 28, 2013. This event will also serve as the kick-off for the company's nationwide Roadshow.

March 14, 2013 — Tucson, AZ — Schletter®, a worldwide leader in photovoltaic mounting systems, will host an Open House and Training on March 28, 2013 at 3761 East Farnum Place, Tucson, Arizona 85706 from 2 – 7 pm. The event will include a facility tour, GAYK hydraulic ram and FS System installation demonstration, NABCEP CE course, hands-on training, and Schletter hospitality. Those interested in attending this free event should RSVP with the company.

In addition to offering training and NABCEP CE credit, this event will serve as the kick-off for the company's second-annual nationwide Solar Roadshow. The Solar Roadshow consists of 29 stops throughout the United States between March and June, including two regional tradeshow. The company is focusing on commercial and utility-scale product applications for the Solar Roadshow.

"The 2012 Solar Roadshow proved to be extremely successful in terms of promoting education within the industry and generating solar buzz within the communities we visited," explained Angela Kliever, Director of Marketing for Schletter. Ms. Kliever continued, "We are happy to be able to host a nationwide Roadshow once again and an Open House and Training at our Tucson, Arizona location is the perfect way to kick-off the event."

Registration is now open for the Tucson, Arizona Open House and Training taking place on March 28, 2013 from 2 – 7 pm. Those interested in attending can visit www.schletter.us/events.html or contact the company for more information.
